

General Profile of the Association

The Association of Polyethylene Pipe and Fittings Manufacturers is comprised of both private and public sector companies active in the production and export of polyethylene pipes and fittings, polypropylene pipes, cross-linked polyethylene (PEX) pipes, and multilayer composite pipes. Established in 2002, the Association currently has around 230 members and operates with the objective of safeguarding professional rights and pursuing the legitimate and legal demands of its members.

The organizational structure of the Association includes the General Assembly, the Board of Directors, the Auditor, the Secretariat, and specialized committees.

Two Decades of Partnership with Iran's Polyethylene Industry

The Association of Polyethylene Pipe and Fittings Manufacturers was established and officially registered on December 11, 2002, with the authorization of the Ministry of Cooperatives, Labour, and Social Welfare. It is also a member of the Iran Chamber of Commerce, Industries, Mines, and Agriculture.

With more than 230 active members, the Association is regarded as one of the largest organizations in the country's downstream industries. For over two decades, it has served as the collective voice of industry stakeholders, working to enhance standards, support domestic production, and promote the development of modern technologies.

Relying on the expertise of its capable members and a strong commitment to quality, the Association strives to strengthen, secure, and improve the efficiency of the nation's critical infrastructure in the fields of water supply, agriculture, and gas distribution.

We firmly believe that solidarity and cooperation along the path of production are the keys to advancing the industry and contributing to the prosperity of Iran.

Achievements of the Association

- Selected Association by the Iran Chamber of Commerce
- Recognized Association in the field of Research and Technology at the Ministry of Industry, Mine and Trade Research Festival
- Distinguished Association in the value chain sector of Jam Petrochemical
- Renewal of membership in the Iran Chamber of Commerce and increase in the number of member companies registered with the Chamber
- Joint cooperation with the Training Department of the National Standards Organization
- Joint cooperation with the Training Department of the Ministry of Industry, Mine and Trade (MIMT)
- Membership in the Policy Council of IranPlast, Comprehensive Agriculture, and iFarm Exhibitions
- Establishment of the Association's Pavilion at the Eurasia Exhibition
- Signing of a Memorandum of Understanding (MoU) with the Tehran Chamber of Commerce

Main Activities

- Organizing specialized training courses related to the industry
- Contributing to the development of national standards
- Holding specialized exhibitions on agriculture, related industries, and modern irrigation systems
- Organizing provincial and regional conferences

Key Activities

- Establishing a central and specialized laboratory to enhance the quality of final products
- Organizing conferences, seminars, and specialized training sessions to improve members' knowledge of modern production methods
- Conducting ranking at the request of the Modern Irrigation Systems Project Manager of the Ministry of Agriculture Jihad in the field of pipes and drip irrigation tapes.
- Training stakeholders of modern irrigation systems (regional water and soil departments, farmers, consultants, and end-users) on the latest polyethylene pipe and fittings technologies used in drip irrigation

Fields of Activity of Members

1. Agricultural water supply infrastructure
2. Urban and rural water and wastewater systems
3. Gas supply projects

Board of Directors

Mohammadreza Beheshtian Ardakani – Chairman of the Board

Hossein Hajali – Vice Chairman

Abbasali Akbari – Board Member & Treasurer

Ahmadreza Sa'adati Eskandari – Board Member

Ali Eydizadeh – Board Member

Mohammad Jafar Fardhosseini – Board Member

Mehdi Hafezi – Auditor

Maryam Khanmoradi – Secretary of the Association
